

INTERNATIONAL MASTER'S DEGREE FOR THE FURNITURE SECTOR

The aim of the "IM-FUTURE" project is to develop the content for an International Masters' Degree in the furniture sector.

<http://imfuture.cetem.webfactional.com/>

The choice of the training modules followed detailed country and desk research with feedback from stakeholders. The content has been developed by partners according to their expertise and uploaded into an e-learning platform. Dissemination events are being held in each partner country in April 2019.

There are 4 fundamental modules (common to every students) which are compulsory and credits have been assigned to these as well as the optional modules.

Fundamental modules

- Production engineering – technology, process & maintenance
- Production – scheduling and planning
- Innovation, product & process improvement systems
- Fundamentals of enabling technology applications

Optional Modules

- Operations, business, & process management / Quality control
- Furniture design history / Design
- Materials / Furniture process
- Logistics, warehouse, distribution & supply chain management / Sales and Marketing
- Workplace, leadership & personal effectiveness competences / Industrial Property Rights and Entrepreneurship
- Information Search and Retrieval / Investigation Methodology

Additional components (in order to achieve the needed 60 ECTS)

- Practices
- Dissertation

In accordance with the selected subjects, different learning paths are available to allow the student to build their knowledge, skills and competences in the areas they have chosen.

"IM-FUTURE" has been funded with support from the European Commission. This publication reflects the views only of the author and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Project number: 2016-1-UK01-KA203-024438

Partners
